

Birlasoft ELEVATESM for Infor – M3, LN, Syteline, XA

Take full advantage of all the innovation from Infor quickly, cost-effectively, and with minimal business disruption

Let's face it, everything is digital and organizations must keep up the pace and be prepared to handle all the disruptive changes that are happening all around us if they want to be relevant in today's world. Infor brings forth the innovations and benefits that companies need. However, in order for organizations to take full advantage of all that Infor has to offer, they need a well thought out strategy and clear execution.

This is where Birlasoft's ELEVATESM for Infor helps customers. ELEVATESM is a unique A-La-Cart solution offering that allows customers to choose a set of services based on priority and needs and is aligned with Infor Strategy. Birlasoft's ELEVATESM offering enables you to define your IT roadmap for your digital journey, step by step, from your current state.

Birlasoft ELEVATESM for Infor - Building Blocks

BENEFITS of ELEVATESM for Infor

Innovation	Code Current	Smart AMS	Fixed Fees	Lower TCO
Two PoCs per year will bring start-up type culture and may help introduce game changers to the business model	Absorb innovation quickly and stay ahead of the competitive curve	Focus on business process improvements while day-to-day issues are effectively resolved	Fixed monthly fees brings predictability to cost structure	Optimized set-of-services in combination with Amazon Web Services (AWS) can reduce five year TCO by at least 30%

Why ELEVATESM

In the past year, infor introduced 176 new products, more than 6,400 new integrations, and 6,200 new feature. You need a partner to help:

- Keep up with the latest releases and innovations
- Reduce the complexity of decision trees and procedures
- Reduce TCO – Infrastructure and Application maintenance
- Ensure customizations enable process improvement
- Future readiness: IoT, Mobility, Cloud, Blockchain, Virtual Reality, AI, etc.
- Maximize business growth trajectory
