Global Presence
Presence across 37 Countries

Birlasoft is a strategic partner of Infor. We are a partner of choice for delivering Infor solutions across the globe due to the capabilities and cost advantage we bring to the table, and the leverage of our strong presence in India. We serve our customers in six different industries verticals; our strong capabilities and experience resolves customers' challenges by defining business value proposition with the help of information technology. Our Infor LN team along with our industry experts define roadmap and elements of 4th industrial revolution on top of LN, for our customers, by leveraging Infor OS, Birlasoft's master data management service offerings (DaaS). Infor LN team is helping customers to define IT roadmap with BAAN to LN upgrades with our ELEVATE^{SM} Offering that includes implementations/rollouts on premise or cloud and Application management Support.
