Realize the true potential of your JD Edwards application and stay current with updates made available by Oracle

Birlasoft’s ELEVATE\textsuperscript{SM} ensures the rapid innovation of Oracle Cloud and JD Edwards EnterpriseOne 9.2 is quickly absorbed and enables technology as a competitive advantage. Stay perpetually current on E1 9.2 and drive maximum value from your IT investments with ELEVATE\textsuperscript{SM}.

**ELEVATE\textsuperscript{SM} Benefits**

- **Innovation**: Two PoC’s per year will bring start-up type culture and may help introduce game changers to the business model
- **Code Current**: Absorb innovation quickly and stay ahead of the competitive curve
- **SmartAMS**: Focus on business process improvements while day-to-day issues are effectively resolved
- **Fixed Fees**: Fixed monthly fees brings predictability to cost structure
- **Lower TCO**: Optimized set-of-services in combination with Oracle Cloud Infrastructure (OCI) can reduce five year TCO by at least 30%
Birlasoft’s ELEVATE™ for JD Edwards eliminates the complex technology layer while reducing the total cost of ownership, for a predictable fixed monthly price.
