Birlasoft Achieves AWS Competency in Manufacturing and Industrial Consulting

Noida, Pune (India), and Edison (N.J.), September 25th, 2024: [Birlasoft Ltd](#) [BSE: 532400, [NSE: BSOF](#)] has achieved the Amazon Web Services (AWS) Manufacturing and Industrial Consulting Competency status. Birlasoft is part of the \$3 billion CK Birla Group, which has over 35,000 employees and 52 manufacturing facilities globally.

An AWS Advanced Tier Services Partner, Birlasoft demonstrates extensive technical proficiency and professional services excellence as a leader in cloud-based solutions. The latest competency underscores Birlasoft's deep expertise in delivering transformative digital solutions for the manufacturing and industrial sectors.

Dr. Selvakumaran Mannappan, Chief Operating Officer, Birlasoft, said, *“We are pleased to have achieved the AWS Competency in Manufacturing and Industrial Consulting, our second Competency from AWS. Our cloud-based platforms and microservices-enabled architecture, supported by over 4,000 AWS-proficient consultants and 30+ proprietary assets, are enabling our customers to achieve substantial improvements in performance, cost efficiency, and operational excellence. As we continue to innovate, we remain focused on helping our customers navigate their digital transformation journeys with predictable success.”*

Birlasoft offers a comprehensive suite of digital transformation and IT solutions tailored for manufacturing enterprises across sectors including Automobile, Industrial, and Hi-Tech. Birlasoft successfully leverages its AWS capability for delivering best-in-class industrial automation and manufacturing software solutions. With a wide spectrum of cloud services, from infrastructure assessment to managed solutions, Birlasoft accelerates the evolution of the manufacturing industry, making it future-ready. With a focus on sustainability, resilience, and operational excellence, Birlasoft is committed to pioneering innovative solutions that address the evolving needs of its clients, ensuring they remain competitive in a rapidly changing market.

AWS is enabling scalable, flexible, and cost-effective solutions from startups to global enterprises. To support the seamless integration and deployment of these solutions, AWS established the [AWS Competency Program](#) to help customers identify AWS Partners with deep industry experience and expertise.

AWS Manufacturing and Industrial Competency Partners, such as Birlasoft, provide solutions supporting several categories including Engineering and Design, Smart Manufacturing (Robotics, Worker Safety, and Productivity), Smart Product and Services, Enterprise Solutions, Operational Technology Security, Supply Chain Management, Sustainability, and Operational Technology for an end-to-end value chain.
