

VERIFICATION STATEMENT

Zero Liquid Discharge (ZLD) Verification

Statement ID	ZLD 8125044434
Statement Holder	Birlasoft Limited Plot no. 35 & 36, MIDC Phase 2 Main Road, Hinjewadi Pune, Maharashtra - 411057, India
Ref File No.	BSL_Pune_ZLD_FY2025-26
Project Boundary	To undertake the Zero Liquid Discharge (ZLD) verification of Birlasoft Limited, Pune
Objective	To verify the Organization Zero Liquid Discharge (ZLD) claim against Pollution Control Board regulatory requirements
Assurance Level	Limited Assurance Engagement
Monitoring Period	01-04-2025 to 31-03-2026 (Inclusive of both dates)
Reference	TÜV India Methodology Document ID ZLD-STD-001 Version: 1.0 Dated Aug 2022

The wastewater data and recycling processes were verified. Based on evidence reviewed, no wastewater was discharged outside the project boundary during the monitoring period as per the TÜV India's ZLD methodology. With the application of the mentioned ZLD methodology, the entire project boundary (covers entire operational boundary including domestic wastewater generation, STP, recycling and reuse system) was examined by TÜV India regarding its correctness, consistency, accuracy, completeness, transparency and reliability confirming that no wastewater has been discharged outside the project boundary based on evidence reviewed during verification period. This conclusion is subject to limitations inherent in a limited assurance engagement.

For and on behalf of TÜV India Private Limited
